CHIRCU PROD-IMPEX COMPANY SRL is a 100% private company, set up in 1995. The company has 75 employees with head office in Bucharest and production hall to Valea Calugareasca - Prahova County

The company has a production hall well equipped with modern production facilities where the following items made of cold drawn steel wire and stainless steel wire are manufactured :

- **Steel fibers for disperse concrete reinforcement** – Flat, undulated and hooked steel fibers, **Tensile strength:** min. 1100 N/sqmm; **Size range (dia):** from 0.4 to 1.05 mm, **Lengths:** 6-12.5-25-30-50-60 mm. **APPLICATIONS:** industrial floors, tunnel lining, airport runways, highway pavement, precast concrete, shotcrete, parkings, anti-seismic buildings.

- **Milled cut fibers** – for concrete reinforcement, made of steel slabs. **APPLICATIONS** : industrial floors, roads and traffic areas, highways, runways for airports, house buildings, sport yards, tunnels, parking places, etc.

- **Cylindrical cut wire steel for Shot Blasting** – Cold drawn steel bright wire (L=D) to DIN 8201 (ST D-Z); **Carbon content:** 0.45 to 0.85%, **Tensile strength:** 1400-2000N/sqmm; **Average hardness:** min 435 HV1, **Size range (dia):** 0.3 - 2.0 mm. **APPLICATION:** surface cleaning (shot blasting).

- **Spherical conditioned cut wire steel for Shot Peening** – Spherical conditioned steel cut wire in different rounding degrees: G1(normal conditioned), G2(double conditioned), G3(special conditioned)-where G3 is perfect round, according to DIN 8201 or VDFI 8001 or AMS 2431, **Carbon content:** min 0.65%, **Tensile strength:** min 2200N/sqmm; **Average Hardness:** 630 HV1, **Diameter range:** 0.3 - 1.0 mm. **APPLICATION:** surface hardening (shot peening).

- **Ecological steel shot for hunting** - Steel shot - non-toxic alternative to lead. The shot is ground to a smooth finish and then a light coating of rust preventive lubricant is applied, **Specifications:** C.I.P Europe, S.A.A.M.I. North America, **Hardness:** surface: max. 110 HV1, core: max. 100 HV1, **Shot sizes:** 2.03– 5.08 mm. **APPLICATION:** mainly water birds hunting.

- **Steel wool** - Steel wool made of cold drawn steel wire dia. 3.1 mm with low carbon content, **Grades:** 0000-super fine, 000-extra fine, 00-very fine, 0-fine, 1-medium, 2-medium coarse, 3-coarse, 4-extra coarse. **APPLICATION:** furniture industry – cleaning, polishing and repair – wood and metal.
- **Chopped steel wool** - **APPLICATION:** brake pads

Capacity production for all these products, for which we are unique producer in Romania, is about 10.000 to/year.

Over 90% of our production is exported to U.E.(Germany,Italy,France,Cehia,Nederland,etc), U.S.A, Brazil, Japan,Coreea,Australia,Argentina,Iran,etc.

For product “*spherical conditioned cut wire steel for shot peening*” there are 4 European producers and 7 all over the world and for “*ecological steel shot for hunting*” only 2 producers in Europe.

Our company is one of the 3 world producers of *milled cut fibers* for concrete reinforcement.

The quality of our products and of our activity is certified by [EN ISO 9001 : 2008 CERTIFICATE \(TUV – Cert- Germany\)](#).

Every year CHIRCU PROD-IMPEX COMPANY is present at different fairs and exhibition such as “Tube & Wire” (Dusseldorf-Germany), “World of Concrete” (Las Vegas – USA), “European Workshop on Shot Peening”(Coventry-UK), “International Workshop on Shot Peening”(Goteburg-Sweden), “Tehran International Industry Fair” (Tehran-Iran), “Technologies & Investments Goods” (Poznan-Poland), “TIB – Bucharest International Technical Fair” (Bucharest-Romania).

As a recognition of our commitment to quality, CHIRCU PROD-IMPEX COMPANY was internationally awarded during its 15 years of activity : “Century International Diamond Quality Era Award” (Geneva – Swiss), “Arch of Europe for Quality and Technology – Platinum Category” (Frankfurt-Germany), “Gold Award for Excellence and Business Prestige” (New York-USA), “Diploma of Excellence for Performance Corresponding to European Union Standards”, “International Award for Prestige and Quality” (Vienna-Austria).

At national level, the company was awarded every year by National Council of Small and Medium Size Association and National Association of Romanian Exporters and Importers with Special Awards for Excellence and Business Prestige.
